

Models 228 & 232 END & SILO RECEIVERS

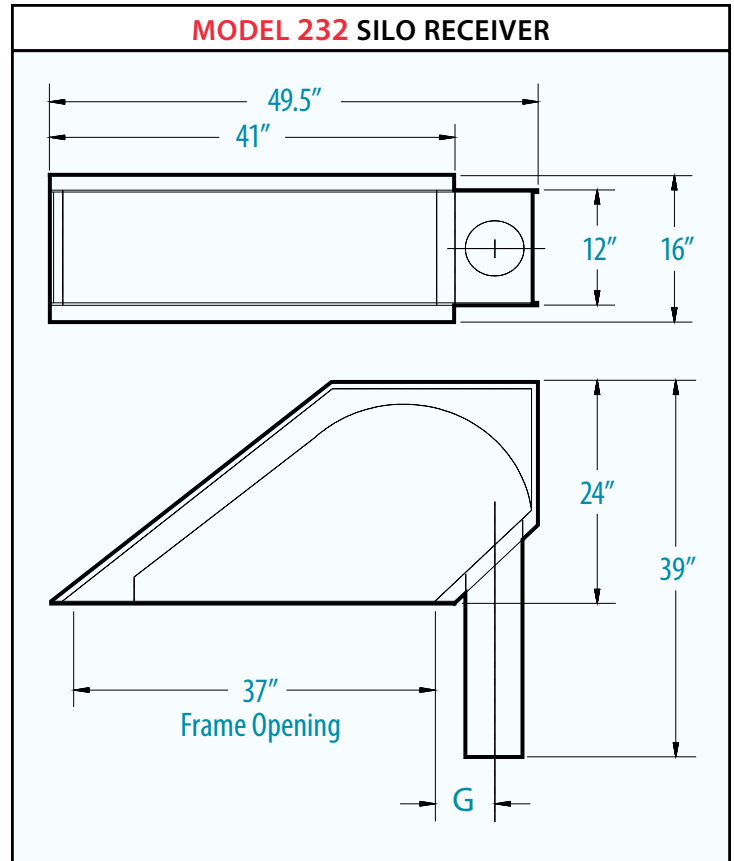

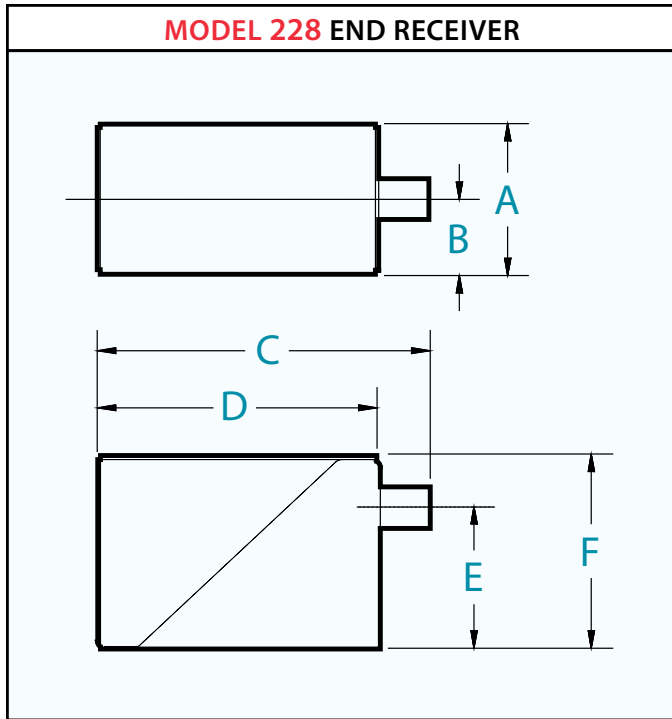

NOL-TEC receivers provide long-lasting performance for termination of most pneumatic conveying systems.

STANDARD FEATURES:

- Heavy-duty plate design
- Continuously welded
- Even dispersion of material inside receiving container
- Separation of material and conveying air
- Long-lasting and maintenance-free

OPTIONAL FEATURES:

- Stainless steel construction
- Various pipe schedules
- Grooved or flanged pipe ends
- Rubber coated contact surface
- Mounting flange (Model 228)
